

Design change: Tri-axle to travel with 4,100 lbs. mix or millings

Design change: Enclosed, lockable controls

Recycler can park next to millings pile and fill hot boxes/dump trucks

Recycler fully-mobile, travels well & functions well at jobsite

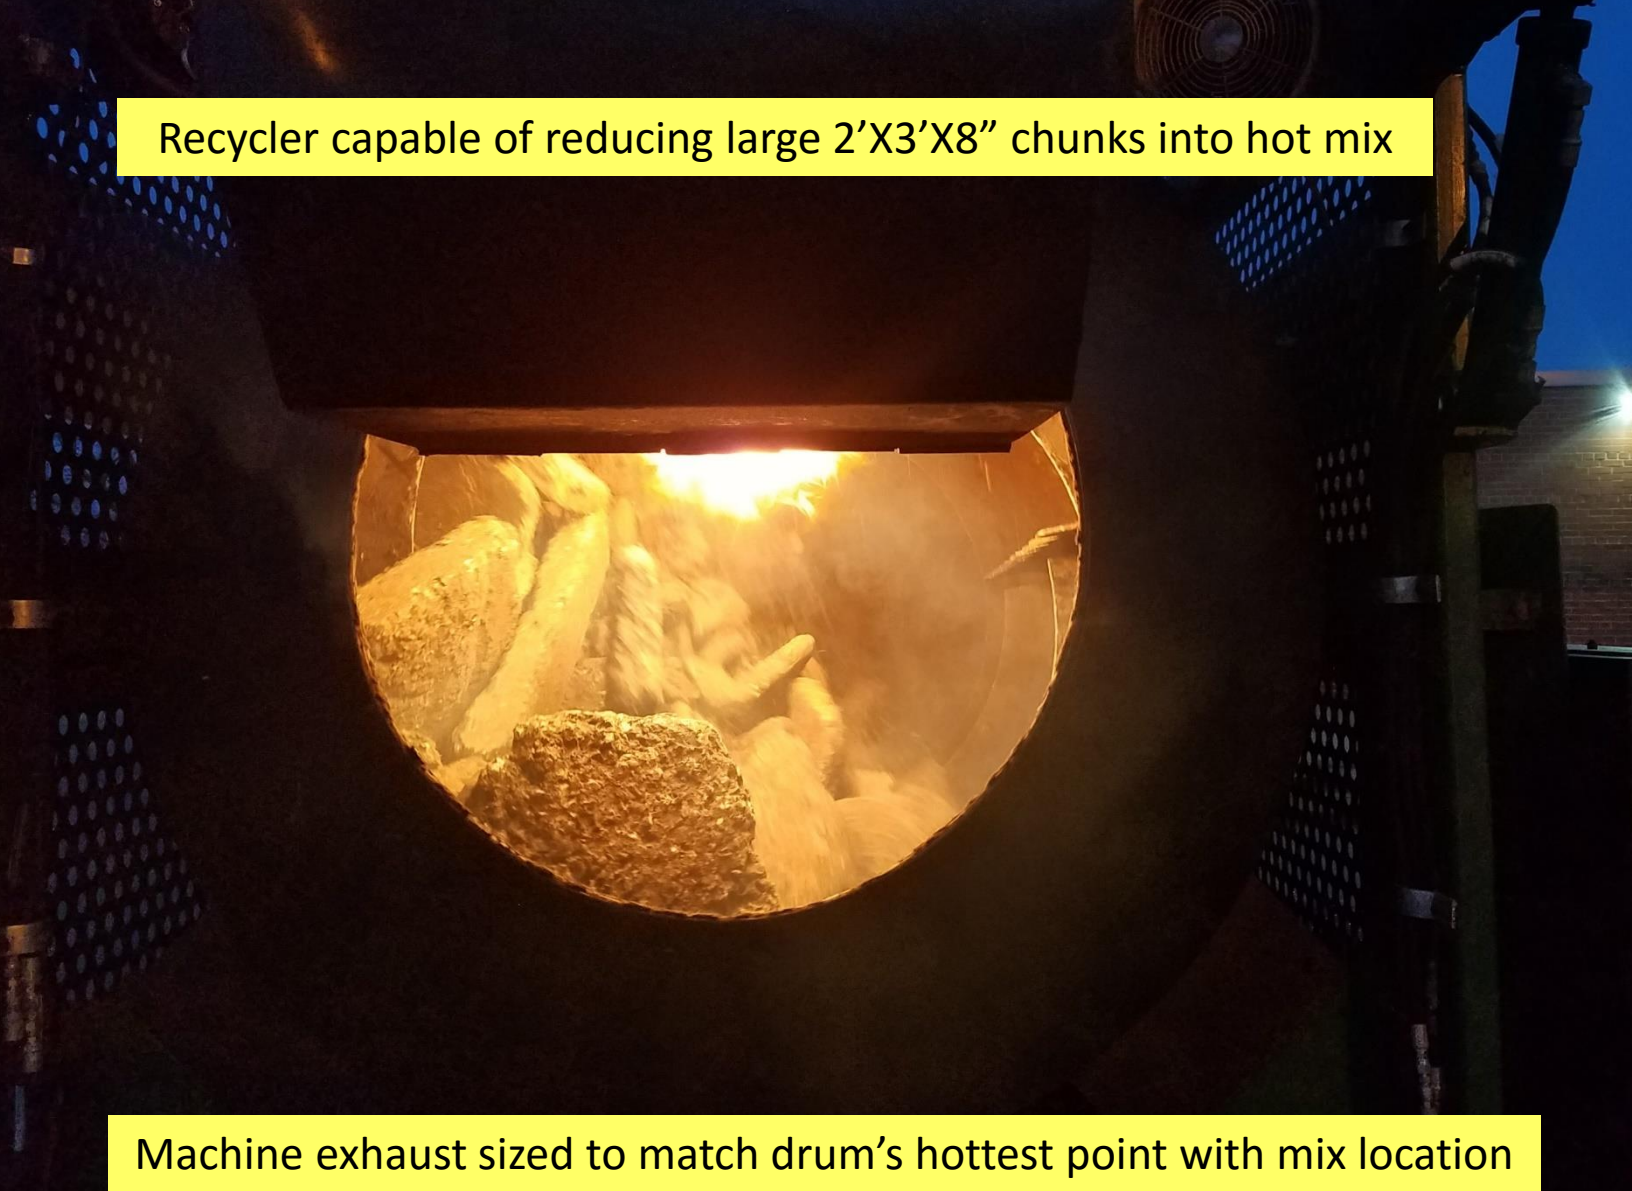

This city likes to dispense directly into potholes, utility cuts

Recycler capable of reducing large 2'X3'X8" chunks into hot mix

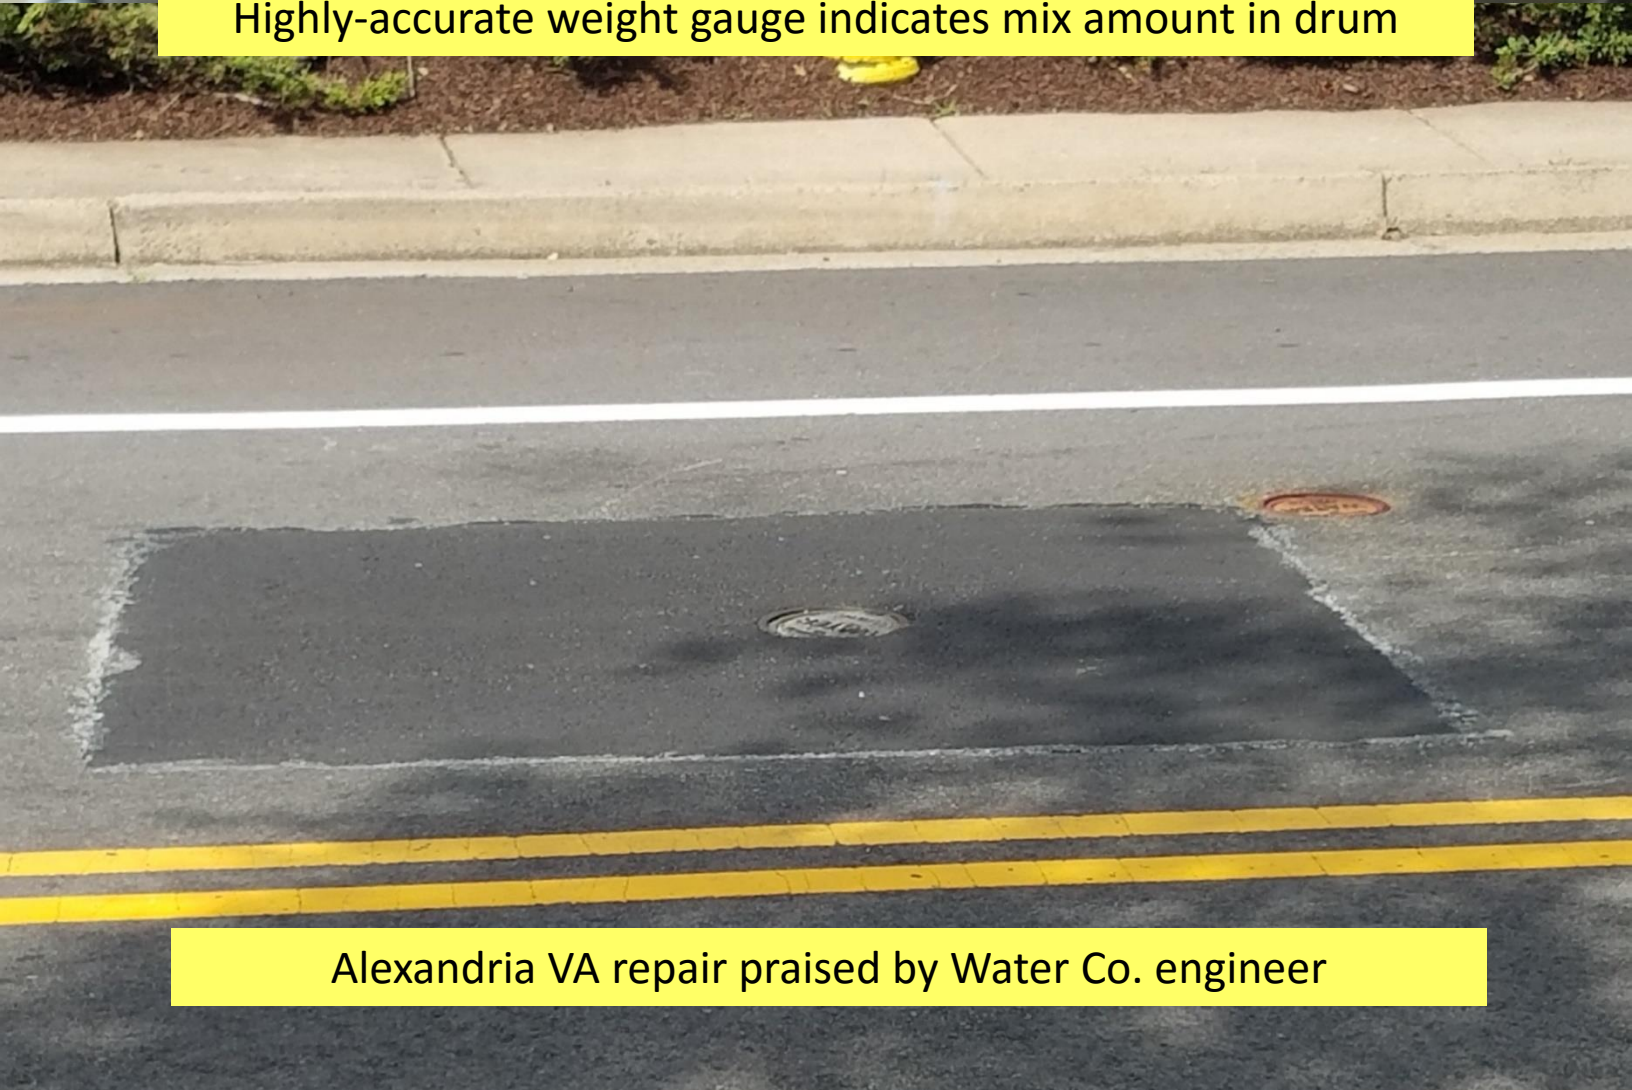

Machine exhaust sized to match drum's hottest point with mix location

Highly-accurate weight gauge indicates mix amount in drum

Alexandria VA repair praised by Water Co. engineer

Accomplishes superior adhesion, elasticity, compression
